### **U.S. Forest Service and Interagency Aviation Publications ...**

Each helicopter facility is to have an operation manual, a description of the operation and a checklist of safety precautions, procedures and equipment requirements. This manual may be part of the Operation Manual for the vessel, mobile offshore drilling unit or liftboat, as applicable.

### **Guide for the Class Notation Helicopter Decks and ...**

Helicopter operations have been increased, compared to past times and it is possible for the crew to successfully handle a relative situation. Therefore, it is important that the crew have adequate training and to be familiarized with the related risks. There are too many parameters that affect such operations. Weather is one of most important.

### **Emergency Procedures: Helicopter operations - SAFETY4SEA**

Helicopter operations are commonly used on ships for crew changes, Pilot transfer (embarkation and disembarkation), emergency situations as MEDEVAC (medical evacuation) and/or rescue.
