Garrison's Managerial Accounting is known for its relevance, accuracy, and clarity. It is also unique in that the authors write the most important supplements that accompany the book: solutions manual, test bank, instructor's manual, and study guide

making them both of high quality and extremely consistent with the textbook.

Chapter 8

6 Managerial Accounting, 17th Edition Chapter 9: Applying Excel (continued) a. The activity variance for revenue is \$1,600 U. This variance is the difference between the revenue under the planning budget and under the flexible budget. It is unfavorable because the actual activity is less than the budgeted activity and consequently revenue should be
